

Big Bird

Paul Young

Open up the sky
Cause I'm coming up to you
So send down your wings
And let 'em bring me to you

You know I'm standing at the station, ready to go
Oh, big 'ol aeroplane, I'm trusting you so

Get on up big bird, to my baby's love
Get on up big bird, to my baby's love
Get on up big bird, cause I got to make it,
Get on up big bird, I got to make it

With me down here
And you up there
Now all we know is
It ain't no fair

'Cause I got love packed in my baggage
Holdin' my claim check,
Gonna be with my baby and never comin' back

Get on up big bird, to my baby's love
Get on up big bird, to my baby's love
Get on up big bird, I got to make it,
Get on up big bird, I got to make it

Open up the sky
Cause I'm coming up to you
So send down your wings
And let 'em bring me to you

Get on up big bird, to my baby's love
Get on up big bird, to my baby's love
Get on up big bird, to my baby's love
So get on up big bird, I got to make it

Get on up
I got to make it,
Get on up

Get on up big bird
get on up
I got to make it,
I got to make it,

Get on up
Get on up
Get on up big bird,
Get on up big bird,
Get on up big bird.
