

# If Dreams Had Wheels

Paul Young

When I was a boy  
I dreamed of far off places  
I'd picture a world  
Of strangers faces  
But now that I'm out here  
Nothing is clear

If these dreams had wheels  
They'd take me home  
They'd bring me back  
Where I come from  
This open road  
Wind at my heels  
Would carry me

I've been east of eden  
I've heard the west wind call  
Northern lights and southern nights  
In my time I've seen them all  
But, it all comes down to  
Nothing without you

If these dreams had wheels  
They'd take me home  
They'd bring me back  
Where I come from  
This open road  
Wind at my heels  
Would carry me  
If these dreams had wheels

If these dreams had wheels  
They'd take me home  
They'd bring me back  
Where I come from  
This open road  
Wind at my heels  
Would carry me

If these dreams had wheels  
They'd take me home  
They'd bring me back  
Where I come from  
This open road  
Wind at my heels  
Would carry me
