

# Salt of the Sea

Paula Cole

I'm but a lover  
I was a map for love  
(No)

Leaders or partners  
They rule from all their thrones

Give it a, give it a  
Give it a go  
Give it a, give it a go

I will relinquish  
The kingdom and Queen-ship  
If you will have all of me

I am not peace  
I am not ease  
I am the salt of the sea  
And if you want me  
You have to love me  
For all that I am  
Sensitively

I am a lover  
That's all that I want to be  
(Yeah)  
But though I'm a poor one  
Will you still have me?

Give it a, give it a  
Give it a go  
Give it a, give it a go

I never wanted  
This proclivity  
To wear so much heart on my sleeve

I am not peace  
I am not ease  
I am the salt of the sea  
And if you want me  
Then love all of me  
For all that I am  
Sensitively

And I didn't hurt you  
And I didn't fall  
I'm just a reminder  
Of the truth and the known

I am not peace  
I am not ease  
I am the salt of the sea  
And if you want me  
Then love me for of me  
All of my sensitivity

I am not peace  
I am not ease  
I am the salt of the sea  
And if you love me  
Then hold on to me  
And love all the salt of the sea

Give it a, give it a  
Give it a go  
Give it a, give it a go
