

Sweet Water

Paula Fernandes

Sweet water - water of the spring
So clear, so pure
Where all my dreams begin.

Sweet water - dark water of the river
Take away my sorrows, my soul deliver.

Sweet water - water, waterfall
Let me into you hall of light.
Oh...

Sweet water - water of the lake
So quiet, so deep
There's a lady there for you to meet.

Sweet water - water of the rain
Carry away the bad thoughts
And what is lost - make me sane.

Sweet water - water of the desert
I will find you hidden well
And drink from you forever.

Sweet water - water of the sea
Dolphins, whales and mermaids
Sing your song to me.
Oh, ooh...

Sweet water - water of the spring
So clear, so pure
Where all my dreams begin.

Sweet water - dark water of the river
Take away my sorrows, my soul deliver.

Sweet water - water, waterfall
Let me into you hall of light.
Oh

Sweet water - water of the lake
So quiet, so deep
There's a lady there for you to meet.

Sweet water - water of the rain
Carry away the bad thoughts
And what is lost - make me sane.

Sweet water - water of the desert
I will find you hidden well
And drink from you forever.

Sweet water - water of the sea
Dolphins, whales and mermaids
Sing your song to me.
Oh, ooh...
Oh, ooh...

Sweet water
I will find you hidden well
Sweet water
I will drink from you forever.

Sweet water
I will find you hidden well
Sweet water
I will drink from you forever.
Oh, ooh...
