Call 911
I'm burning up, I'm so much fun... Yeah
It's just begun
This gonn' keep goin' all night long, yeah

I'm starting to sweat,
ever since we met,
It's getting so hot I can't take no more.
Come baby rescue,
Don't let me pass through,
I don't know you but I know this for sure.

I'm on fire!
Bring me some water!
I'm on fire!
Bring me some water!
To cool me down, cool me down, be my fireman
To cool me down, cool me down, be my fireman
To cool me down, cool me down, be my fireman...

I need a fire, fire, fire-man
A fire, fire, fire-man
I need a fire, fire, fire-man
Can can can you be my fireman

Ring the alarm,
There's so much body goin' on... Yeah
You turn me on,
The way you [?]. Yeah

I'm starting to sweat,
ever since we met,
It's getting so hot I can't take no more.
Come baby rescue,
Don't let me pass through,
I don't know you but I know this for sure.

I'm on fire!
Bring me some water!
To cool me down, cool me down, be my fireman
To cool me down, cool me down, be my fireman
To cool me down, cool me down, be my fireman...

I need a fire, fire, fire-man
A fire, fire, fire-man

Slowly my body burns up into flames,
Mr fireman I don't need your name,
I feel it and I know you feel it too,
Baby I'm calling for you!

A fire, fire, fire-man
Calling for you!

Can can can you be my fireman

A fire, fire, fire-man
I need a fire, fire, fire-man
Can can can you be my fireman

I need a fire, fire, fire-man.
