

So Over You

Paulini

Hey OOOh yaay yeah
Oh I'm so over you
Hey ooooh oh yeah

Do you recall about a year ago
When I was on the phone
Saying how I loved you

Well things change
You should have known
A sentimental girl's relationship out grown

Tell me why
I never saw it coming
Too blind to ever let go
You know I tried
But still you gave me nothing
Thank-you, now I gotta move on

So get outta my way
Won't you give me some room
Ya gotta let me breath
Coz baby I'm so over you
Set me free
Let me do what I do
You got so much to say
I've heard all I want from you

All my ladies tell me do you feel me
Outta my way
Won't you give me some room
It ain't too hard to see
Coz baby I'm so over you

Call me up about a thousand times
Saying how you've changed
Saying that you want me
You've got the audacity
To hit me with a line and make a move on me yeah

Why
I never saw it coming
Too blind to ever let go
You know I tried
But still you gave me nothing
Thank you, now I gotta move on

I'm so over you
I don't need anybody else coz
I'm so over you
Oh no oh no
I'm so over you
I don't need anybody else coz
Oh oh
No, no, no, no, no

Why

I never saw it coming
Too blind to ever let go
You know I tried
But still you gave me nothing
Thankyou, now I gotta move on

All my ladies tell me something
Outta my way
Won't you give me some room
It ain't too hard to see
Coz baby I'm so over you

All my ladies tell me something
Outta my way
Won't you give me some room
It ain't too hard to see
Coz baby I'm so over you

Coz baby I'm so over you
Coz baby I'm so over you
Coz baby I'm so over you
Coz baby I'm so over you

Outta my way, give me some room, let me breath
Set me free, do what i do, so much to say.

All my ladies tell me something do you feel me
Outta my way wont you give me some room, too much to say/set me free

Coz baby I'm so over you
