

## Black Walls

Pavement

I've been to the desert on a horse with no name  
He's got a different color, but he always looks the same

Well,  
Black Walls (6x)

You shouldn't hate your body  
'Cause it's a part of you  
You shouldn't hate your family  
It's a part of you  
You shouldn't hate your neighbors  
In this family of man
