

Brinx Job

Pavement

It's so funny
We went down to the store
We got the money
So we'll put you down

We got the money, we got the money, we got the money
We got the money, we got money, we got the money now

It's so funny, we went down to the store
We got the money so we'll put you down
It's so funny, we went down to the store
And I won't even let you home

We got the money, we got the money, we got the money
We got the money, we got money, we got the money
