# Far From You

**Pavement**

I'm running away from you (but in my mind)
You're too damn fast (I can't get away)
I try to block you out (you find another way)
All the things you did (didn't phase me)
There's nothing you can do (to amaze me)

I look into your eyes (I see nothing)
Why did I stay (who fucking knows)
Now I know the troubles (weren't worth it)
I wish that I knew (a lot earlier)
You treated me like shit (almost all the time)
You made me feel like shit (on the inside)

I'm running away from you (but in my mind)
You're too damn fast (I can't get away)
I try to block you out (you find another way)
All the things you did (didn't phase me)
There's nothing you can do (to amaze me)

I climbed out on a limb (you cut it down)
So you could watch me fall (I hope it's far from you)
I moving on to better things, better people, better situations
I'm moving to a better place (that better place is far from you)

I'm running away from you (but in my mind)
You're too damn fast (I can't get away)
I try to block you out (you find another way)
All the things you did (didn't phase me)
There's nothing you can do (to amaze me)

When the fake tears start to fill your eyes (I will not care)
When you need a hug from someone (I will not be there)
When you need a shoulder to lean on (my shoulder, I won't share)
When you need someone to call (don't you even dare)

I'm running away from you (but in my mind)
You're too damn fast (I can't get away)
I try to block you out (you find another way)
All the things you did (didn't phase me)
There's nothing you can do (to amaze me)

I'm running away from you (but in my mind)
You're too damn fast (I can't get away)
I try to block you out (you find another way)
All the things you did (didn't phase me)
There's nothing you can do (to amaze me)
