

It's All for You

Pavlov's Dog

I can see your heart has faded
You momma's hair turned gray
Your sunny skies have gone and blown away
And left behind this cold December's day

Yesterday has gone and passed now
It's just a memory
All my dreams have rooted like a tree
Can't you feel the joy inside me?
Can't you feel the sadness?

A thousand times I looked at you
I never saw, I never knew
Now I see and I feel it, yes I feel it too
All that love, it's all for you
It's all for you

The morning sun is rising
The sky is turning blue
Lord I pray before this day is through
Mister Sun is gonna shine on you
Mister Sun is gonna shine on you

A thousand times I looked at you
I never saw, I never knew
Now I see and I feel it, yes I feel it too
All that love, it's all for you
It's all for you
