I Wish I Could

Peabo Bryson

Looking out my window I see you playing in the leaves It's amazing how a little girl Means all the world to me When I tell you that I love you I love you more than words can say

Smile, say cheese, say pretty please
I wanna take your picture
How'd you ever get so big?
I've gotta take your picture
Hold on to the memory
Before the whole thing slips away

I wish I could save these moments And put 'em in a jar I wish I could stop the world from turning Keep things just the way they are

I wish I could shelter you from everything Not pure and sweet and good I know I can't, I know I can't But I wish I could

When you kiss me for no reason It goes straight to my heart When I feel your arms around me I almost fall apart It's time for bed and you whisper "Daddy, we forgot to pray, whoa"

I wish I could save these moments And put 'em in a jar I wish I could stop the world from turning Keep things just the way they are

I wish I could shelter you from everything Not pure and sweet and good I know I can't, I know I can't But I wish I could, oh

And when I watch you sleeping All my worries fade away A little bit of heaven Glows on your angelic face

I wish I could save these moments And put 'em in a jar I wish I could stop the world from turning Keep things just the way they are

I wish I could shelter you from everything Not pure and sweet and good I know I can't, I know I can't, I know I can't But I wish I could, ooh, I wish I could
