

# I Wish You Love

Peabo Bryson

For those of us, who would be alone tonight  
I hope you find love  
And if you've got somebody in your life  
Then be glad you got love, oh-oh-oh...

Don't let the games that people play  
Destroy the dream your dreaming of  
You've got to keep your faith  
Gotta find the thing your searching for, yeah

I really hope and pray  
Someone will be there  
You should know  
What I wish most of all  
I wish you love, love  
Really wish you love

There's an evil wind blowing all around us  
It blows a bitter love, yeah  
The generations coming after us  
I know they'll find better love, yeah

Don't let the wrong they've got  
Destroy the dream your dreaming of  
We've only just begun, oh...  
To find the things we're searching for

I pray the day will come  
Heaven will heal all wounded hearts  
Lord I hope and pray  
And though we're worlds apart  
I wish you love, really do  
I really wish you love

Rejoice in love every morning  
Before you rise  
And if the sun refuse to shine  
Keep in His word and heed His warning  
He's on your side  
He's on your side, if its day or night  
Even if you're wrong or right, oh-oh...

I'll reach out a helping hand  
Something to cling to if you should fall  
Well, I've been through it all  
I wish you love, I really do  
I really wish you love, oh, no

There's an angel, watching over us  
He died because of love, yeah  
If you believe in His word and learn to trust  
I know you'll find the greatest love  
Greatest love

Then you will understand  
That it's not the dream your dreaming of  
This is the hope for men

Thinking we've been searching for

Love heal the best you can  
He'll always be there  
And you should know  
(He'll be there)  
Summer, winter, spring, or fall  
I, I wish you love, I really do  
I really wish you love

Oh, Lord  
Oh my sister, my brother  
I really wish you, love, love  
I wish for you, baby  
I'm, I'm wishing you love  
My sister, my brother...
