

# Just Another Day

Peabo Bryson

I've been in love through thick and thin  
I've always been your friend  
I was ridin' high, so high

But I clouded my mind with my emotion  
I went and gave you my deep ocean  
How could you question what I'd be  
When the only question is

Why, oh why, oh, why can't I make love to you  
After all that we've been through  
I cry my tears just like a clown  
When the circus comes to town

With a smile, with a smile  
Forget about all my fears  
A smile will hide the tracks of these tears  
Runnin' on down my face, well, well  
Just another day, yeah

You've never been in love before  
No one could love you more  
More than I, oh I

You're livin' in your world of fantasies  
Just like a movie queen  
I guess, I'll stay and see the end  
Imagine I was here for a while, a while

While I'm leaving it all up to you  
Do what you got to do, hey girl  
It's such a shame it isn't real  
The feelings that I feel inside, inside

Forget about all the years  
A smile will hide the tracks of these tears  
Runnin' on down my face, well, well  
Just another day  
Just another day

I said, what I'm tryin' to say  
Said, what I'm tryin' to say  
I need, baby, just another day  
Just another little bit  
Just another, another little day, baby
