

Love Has No Shame

Peabo Bryson

Don't let it go
Hold on, there is no need to worry
Take some time to know, know
Be strong, there is no need to hurry
Love, love, love, love

Believe, believe in who you are
Have faith, you go to keep you head up high
It's not so very hard
Be free, mmm, give with your heart and you'll get by
Bound to get by

Don't let your fears hold you down
Somebody's done you wrong, wrong, oh...
Love will survive through the years
Help us to carry on, on and on, on
You don't have to be ashamed
Love has no shame, oh, no
No, shame

Don't let it go, no
Hold on, there is no need to worry
Take some time so you'll know
How to be strong, yeah
There is no need to hurry
Love, love, don't hurry love, love

Don't let your fears hold you down
Somebody's done you wrong, wrong, wrong
Love will survive through the years
Help us to carry on, on and on, on
You don't have to be ashamed
Love has no shame, shame
Love has no shame, oh-whoa...

Don't let your fears hold you down
Somebody's done you wrong, wrong, wrong
Love will survive through the years
And help us to carry on, on and on, on
You don't have to be ashamed
Love has no shame, no
Love has no shame
Whoa-whoa-whoa...
