

Reaching For The Sky

Peabo Bryson

Love, it's not the first time for us
We've both been there before
It's just a chance
Every lover changed to find romance
If it's love you're searching for

I hope that love will stay
You just can't throw love away, no, no

I, I feel like reaching for the sky (Say it again)
I said I feel like reaching for the sky
I'm so inspired
I wanna reach a little higher
Love may never come again
I'll be your lover and your friend (Yes, I wiil, girl)
Love may never come again
Never come again

Never, never come again
Ooh, never, never come again
Never, never come again
Ooh, never, never come again

Time, to look ahead and leave the past behind
If it's love you're searching for
Oh, now, open up and love will show you how
Girl, it's you that I adore
You that I adore

Oh, I hope that love will stay
You just can't throw love away, no, no, no

I, oh I, feel like reaching for the sky (Say it again)
I said I, I feel like reaching for the sky
Oh, I'm so inspired
I wanna reach a little higher (Reach for the sky)
Love may never come again (Never again)
I'll be your lover and your friend (I'll be your friend) (Yes, I wiil, girl)
Love may never come again
Never come again

Never, never come again
Ooh, never, never come again
Never, never come again
Ooh, never, never come again
Never, never come again
Ooh, never, never come again
(When I'm reaching for the sky)
Never, never come again
Ooh, never, never come again
(I'm reaching for the sky)
