

# Remember When (So Much In Love)

Peabo Bryson

Oh, oh-oh...  
Ooh-ooh-ooh-ooh...

I can understand you're leaving me  
It took some time to come around  
I had the upper hand, 'cause you needed me  
Feels like my world is falling down

Just tell me where does the loving stop  
And all the hurt I feel begin  
Tell me why can we just start again  
Tell me, can you remember  
Do you remember when, way back when

When we were so much in love  
And we were happy, baby  
Two wrongs could never make it right  
Can you help me to remember tonight

I've seen a lot a changes, I made a few  
I've see love just come and go  
Time can rearrange us, our feelings too  
There's just one thing I'd like to know

Just tell me where does the loving stop  
And all the hurt I feel begin  
Tell me why can we just start again  
Tell me, can you remember  
Do you remember when, way back when

We were so much in love  
And we were happy, baby  
Well, well, well  
Take another little piece of my heart  
You know you had it right from the start

Whoa, we were so much, so much in love  
And we were happy, baby, you know we were  
Two wrongs could never make it right  
Can you help me to remember tonight  
Do it tonight, do it tonight

We were so much, so much in love  
We were happy, baby, yes, we were  
Take another little piece of my heart

Oh-whoa-whoa, whoa...  
We were so much, so much in love  
And we were happy, baby, you know we were...
