

This Love Affair

Peabo Bryson

This love affair of ours
Is something beautiful because
It's nice to know that someone cares
This harmony we share
Is something wonderful
Some kind of crazy miracle
That brought us there

And when I think of you
I put everything out of my mind
Honey, how time stands still
Yet I'm so amazed at the way
You make we wanna stay
Darling, I love you
And always I delay
That's you smile
And then you whisper in my ear
Forever and a day

This love affair of ours
It's so few and far between
Yeah, yeah, yeah
My darling, we have both been blessed
Our hearts have just been touched
And tenderly the best
By the grace of angels from above
I know you know
It's got to be heaven's love
And yes it's alright
Relieve our grasp
This love affair
Of our will always last

It's a love affair
Love affair
Love, love, love affair, oh, yeah
It's a love affair
Yeah, yeah
Oh, yeah
I'm talkin' 'bout what I need is
Well, well, well, well, well
Oh-whoa-whoa-whoa, love affair
Talkin' 'bout, talkin' 'bout love...
