

# Lifetime Supply

PEABOD

I feel it hit me when I'm out with my friends  
Starts in my stomach and ends up in my head  
That aching clarity that tells me this is how it's meant to be  
(But it's not always that easy)  
It's when her hand rests on the back of my neck  
It's when a cry becomes a laugh in the end  
That aching clarity, it hurts but it tastes so sweet  
(But it's not always that easy)

'Cause nothing lasts forever there's an end to the song  
I try to keep myself together when the moment is gone  
I feel like shutting it out and escaping to keep myself safe  
But you say

Come out and play  
Don't give one second of joy away  
Make trouble, make noise  
Laugh 'til it aches  
How will you spend your time?  
You got a lifetime supply  
So come out and play  
The best things will make your hair go gray  
To find your feet you gotta jump out of the plane  
We all gotta spend our time  
What will you buy with your lifetime supply  
Ooh, lifetime supply, yeah

Feeling like I won the lottery  
But lucky don't, don't even come close  
Waking up on an Odyssey  
The path you walked for me is leading me home  
More breath in my lungs and it's amen  
You keep showing up for me time and again  
(Time and again, again, again)  
Meet you in places with games on the tables  
In savoring tastes taken straight from the ladle  
When the image of God gets lost in the crowd  
That's when the cry of the world goes out

Nothing lasts forever there's an end to the song  
I try to keep myself together when the moment is gone  
I feel like shutting it out and escaping to keep myself safe  
But you say

Come out and play  
Don't give one second of joy away  
Make trouble, make noise  
Laugh 'til it aches  
How will you spend your time?  
You got a lifetime supply  
So come out and play  
The best things will make your hair go gray  
To find your feet you gotta jump out of the plane  
We all gotta spend our time  
What will you buy with your lifetime supply  
Ooh, lifetime supply, yeah

So come out and play  
Don't give one second of joy away  
Make trouble, make noise  
Laugh 'til it aches  
How will you spend your time  
You got a lifetime supply  
So come out and play  
The best things will make your hair go gray  
To find your feet you gotta jump out of the plane  
We all gotta spend our time  
What will you buy with your lifetime supply  
Ooh, lifetime supply, yeah

(Come out and play)  
Come out and play
