PEABOD

My name's Jake and I'm a roommate  
I said hit me with the one time  
I said hit me with the two time  
I said hit me with the three  
I said hit me with the (Hit me with the, hit me with the, hit me)  
Yeah  
Alright  
Alright (Roommates)  
Alright (Roommates, Roommates)  
Here we go

Four years with the homies, now we graduates  
Four years we ran this cinch like a syndicate  
We here to be the afterparty advocates  
Just making sure that post-grad life is more than adequate  
We ain't gotta quit kickin' it, you need a place to live?  
I'm lookin' for a place too, what a coincidence  
Squad breakin' up the rent so we can afford a crib  
Make the moves, grab a broom, biggest room, I'm calling dibs  
We got janky secondhand, don't need a dish  
Thrifty coupon purchases, you get the gist  
The house? Craigslist  
The couch? Craigslist  
We out here with Goodwill, livin' in Value Village  
So maybe no one wanna steal our stuff  
But hey, no one ever gonna have to call our bluff  
We might be ballin' on a budget, but we livin' it up  
We ain't got much but it's enough  
I'm rollin' deep with the

Roommates (Roommates)  
Roommates (Roommates)  
We kinda sorta adults  
So we ain't gotta listen to what you say (You say)  
What you say (You say)  
We waitin' for the weekend  
Let's host a party next Tuesday (Tuesday)  
Tuesday (Tuesday)  
Who's tryna throw shade on me?  
You gon' have to answer to the roommates (Roommates)  
Roommates (Roommates)

What you know about my roommates?

My roomie Jake is a photographer  
My roomie Kyle is a monetary counselor  
My roomie Zach, he runs the city as an officer  
And yo Fletch, you already know your favorite window washer  
We made an art out of Mario Kart, we're smart gents  
We got a house, we ain't fooling with no apartments  
We got a larger backyard for summer partyin'  
Help yourself to some fruit from our neighbor's garden  
Back in the house, let me give you the grand tour  
Look down, those are four different kinds of hardwood floors  
But one of which is fake, but hey it matches the decor  
Of the popcorn ceilin' and the crooked looking front door  
Coffee in the mornin', frozen pizza in the evenin'

Put your feet up and play some FIFA before you leave  
And light beamin' in, we should clean again but I'm sleepin'  
This that dream team feelin', you know I'm believin' in the
