

Forever Drunk

Peach PRC

Don't ask me if I'm doing fine
Let's crack open another wine
I watch porn just for the storyline
Don't eat unless it's salted lime

I'll say the truth is I miss you, it hurts
I can't think until I'm drinking first
Kicking and screaming, crash into the mess
I'll never stop
They're calling the cops on my address

Forever drunk
Forever drunk
Now that you're gone I'm forever drunk
It hurts too much to sober up
Just let me be forever drunk
Now I'm dancing over silver cans
Pretending they're adoring fans
So I'm forever drunk
Now that you're gone I'm forever drunk

I'm standing in the party line
I'm crashing, need another high
Not tears, it's glitter in my eyes (I swear I'm not crying)
Keep dancing while I reapply

I'll say the truth is I miss you, it hurts
I can't think until I'm drinking first
Kicking and screaming, crash into the mess
I'll never stop
They're calling the cops on my address

Forever drunk
Forever drunk
Now that you're gone I'm forever drunk
It hurts too much to sober up
Just let me be forever drunk
Now I'm dancing over silver cans
Pretending they're adoring fans
So I'm forever drunk
Now that you're gone I'm forever drunk

What if I can't ever get over you?
Show my grandkids pictures of us two
I'm afraid to miss you for that long
If I'm in love and I know our times up

Forever drunk
Forever drunk
Now that you're gone I'm forever drunk
It hurts too much to sober up
Just let me be forever drunk
Now I'm dancing over silver cans
Pretending they're adoring fans
So I'm forever drunk
Now that you're gone I'm forever drunk

Forever, forever
Forever drunk baby
Forever, forever
Forever drunk
Forever drunk
