

Perfect For You

Peach PRC

Baby, I'm perfect for you

Can we go outside for a walk?
Blaire told me you guys were hitting it off
She kissed me in the bathroom, oh, she said
It's just for attention or making her jealous, you guessed it
I'm not a good friend but she doesn't know that
She's gonna hate me but I want you so bad (I want you so bad)

Kiss me, I'm not scared
If she's gone, I swear
I'm done tryna play it fair
I don't care
Touch me, I'm alone now
Are you on your own?
She might want you but I do too
If you only knew

Baby, I'm perfect for you
Baby, I'm perfect for you

Harley had a party you were at
You were in boots and a cowboy hat
Jenna said you knew my music
And next week you're playing for Kaya, now I can't betray her
I'm not a good friend but she doesn't know that
She's gonna hate me but I want you so bad

Kiss me, I'm not scared
If she's gone, I swear
I'm done tryna play it fair
I don't care
Touch me, I'm alone now
Are you on your own?
She might want you but I do too
If you only knew

Baby, I'm perfect for you
Baby, I'm perfect for you

Even though the gods are crazy
Even though the stars are blind
If you show me real love, baby (Baby, I'm perfect for you)
I'm in your sweater, don't wanna upset her
But I can do what she can do so much better (So much better)

Kiss me, I'm not scared
If she's gone, I swear
I'm done tryna play it fair
I don't care
Touch me, I'm alone now
Are you on your own?
She might want you but I do too
If you only knew

(Even though the gods are crazy
Even though the stars are blind

If you show me real love, baby)
Baby, I'm perfect for you
(Even though the gods are crazy
Even though the stars are blind
If you show me real love, baby)
Baby, I'm perfect for you
