

## Come Around

Peach Tree Rascals

Said I never thought you'd come around  
Said I never thought you'd come around

I look up and you're there  
Watch the summer wind run through your hair  
Play a song that you love  
Now we're dancing round the golden sun

Said I never thought you'd come around  
Said I never thought you'd come around  
Said I never thought you'd come around  
Said I never thought you'd come around

How'd I get so lucky  
The stars have aligned, now my world is complete  
When you say you love me  
All of my worries are gone, now I'm free

Now you're gone and I'm here  
If I dream enough would you appear  
If you saw where I been  
Watch the shadows smilin' ear to ear

Said I never thought you'd come around  
Said I never thought you'd come around  
Said I never thought you'd come around  
Said I never thought you'd come around

How'd I get so lucky  
The stars have aligned, now my world is complete  
When you say you love me  
All of my worries are gone, now I'm free

Said I never thought you'd come around  
Said I never thought you'd come around  
Said I never thought you'd come around  
Said I never thought you'd come

Said I never thought you'd come around  
Said I never thought you'd come around  
Said I never thought you'd come around  
Said I never thought you'd come around

Said I never thought you'd come around  
Said I never thought you'd come around
