Peach Tree Rascals

It's been a motherfucking long time  
Goddamn it's been a long grind  
Who the fuck need a co-sign?  
My team strong like an o line  
And we ain't slowing it down  
A few words'll make them throw in the towel  
That's why I stay high stay high, and let it show  
And nowadays ima stay high stay high stay high, till I won't  
And everybody gon play my play my play my join  
And everybody gon play my play my play my joint

I just wanna stay high with you baby, all night  
I just wanna stay high with you baby, all night  
I just wanna stay high with you baby, all night  
I just wanna stay high with you baby, all night

I just wanna get high with ya baby  
We can take our time with it baby  
Don't hitting my line if ya shady  
Let's cop a 3.5, make it hazy

Bitch I'm on my 7th joint I can't see straight  
Eyes looking low as fuck I can't be awake  
Like I'm on that pcpc I see my self from above  
Yea, I see myself from above  
Look look  
See I'm just tryna get smoked up  
And doped up  
Dreams flying with me I roll up  
Ya know us  
I been on 10 since da '01  
I show up  
What's that in the air bruh that's no skunk, that's no skunk

I just wanna stay high with you baby, all night  
I just wanna stay high with you baby, all night  
I just wanna stay high with you baby, all night  
I just wanna stay high with you baby, all night
