

I Need That

Peach Tree Rascals

I wanna love like that
Don't wanna go slow, yeah, I wanna go fast
Foggin' up the window with the seats back
I don't even want it, I need that
(La-la-la, la-la, la-la)
I don't even want it, I need that (I need that)
(La-la-la, la-la, la-la)
I don't even want it, I need that

Say I need that, baby
Yeah, I mean that, baby
Like the smoke that hit ya pours
Nicotine, I'm cravin'
And I been dreamin' lately, that I'm up there
Speedin' off with you through the stars
Yeah, we floatin', romance in the air
Eyes glowin', rose petals in your hair
We rollin', world ends, we don't care
You're the only thing that I want

Oh, woah
You on my mind like all the time
Like, woah
My ride or die, Bonnie and Clyde

I wanna love like that
Don't wanna go slow, yeah, I wanna go fast
Foggin' up the window with the seats back
I don't even want it, I need that
(La-la-la, la-la, la-la)
I don't even want it, I need that (I need that)
(La-la-la, la-la, la-la)
I don't even want it, I need that

I'm slippin', hmm
I'm gettin' loaded off of the rhythm, hmm
I'm trippin', break me down like a Swisher
Hop inside of the whip, oh
Let me fly just a little, I'm inside of your riddle
I said I want it so bad, I'm pourin' gasoline on corny beats
Just for you to listen in and hopefully agree
This verse might lose me credibility up in the streets
But, really, it don't even matter if you notice me

Oh, woah
You on my mind like all the time
Like, woah
My ride or die, Bonnie and Clyde

I wanna love like that
Don't wanna go slow, yeah, I wanna go fast
Foggin' up the window with the seats back
I don't even want it, I need that (I need that)
(La-la-la, la-la, la-la)
I don't even want it, I need that (I need that)
(La-la-la, la-la, la-la)
I don't even want it, I need that

(La-la-la, la-la, la-la)

I don't even want it, I need that (I need that)

(La-la-la, la-la, la-la)

I don't even want it, I need that
