

Rendezvous

Peach Tree Rascals

Paranoid
Love ain't never treated you well
Terrified
Cause your heart is haunted by someone else
Oh you run the way you run
When the feeling comes peaking through
Tell me some
Tell me some
Are you fighting what I think might be true
Rock just a little
Darlin it won't hurt if you try
Sway just a little
Meet me where the stars meet the night

See me through
To the rendezvous
See me through
At the rendezvous

Tryin
To forget those days
Lyin
To yourself like it's okay
But you don't have to be afraid
Anymore
Just know I'm here to stay
And the love only grows

See me through
To the rendezvous
See me through
At the rendezvous
