

Don't, don't fall asleep  
I'll be okay, just give me a week  
Losing my feet, losing my dreams  
I've been OT, not OTC  
Please let me speak, please let me go  
I'll let you fly all on your own  
You don't rely on me no more  
It's just a sign, I guess I'll go  
Don't, don't fall asleep  
I'll be okay, just give me a week  
Losing my feet, losing my dreams  
I've been OT, not OTC  
Please let me speak, please let me go  
I'll let you fly all on your own  
You don't rely on me no more  
It's just a sign, I guess I'll go

I did nothing wrong  
I've been writing songs  
I've been stuck in waves  
I've been holding on  
I think it's time I let you go  
'Cause I've been holding on and waiting for too long  
And I don't know if I can take this  
Get up in the morning  
I'm feeling pretty low  
I grab coffee and a cigarette  
Then it's time to hit the road  
I've been spending all my time  
Dreaming 'bout the one I want  
In a world of my own  
I can't leave the thought alone

Lately I feel like I've lost myself  
And I cannot deny the changes that I've  
Lately I feel like I've lost myself  
And I cannot deny the changes that I've

Lately I've been falling back in silence  
My heart just stopped the fighting  
Said that's enough for me  
I lost the point in trying  
I'm living under trees  
I've grown up to loving, now I'm numb, you see  
I forgot about you but you remember me  
Still remember 'bout us and all our history  
I can't take the thought of you up and out my mind  
Stuck inside my head, now I think it's time

I think it's time I let you go  
'Cause I've been holding on and waiting for too long  
And I don't know if I can take this

Shoulda cast away, I've been evading you  
At times like this I wish I coulda shut the door on you  
I know it hurts to stay, the bells all ring the same  
You said you love me but don't trust me that I'll do the same

Running away, need a vacay  
Away from this place, don't hate me  
I'm losing my faith, the birds all flew away  
My heart ain't the same, don't hate me  
No words to say, I'm washing away  
Just like a stain, don't hate me  
Letting you go, can't fight it no more  
I'll be alone, don't hate me

Inside my dreams I can see you with me  
If I wake up too soon I'll fall right back asleep  
Inside my dreams I can see you with me  
If I wake up too soon I'll fall right back asleep  
Inside my dreams I can see you with me  
If I wake up too soon I'll fall right back asleep  
Inside my dreams I can see you with me  
If I wake up too soon I'll fall right back asleep
