Serpentine

Peaches

Uh uh (8x)

I turned the task done electroclash
I bat my lash and outlast the backlash
Fuck that past that passed so fast
I snatch that gas and rise from the ash

Some call me trash some call me nasty
Call me crass but you can't match me
I'm a smash on me like a parrot
Staring at my ass and my beard and my mustache

Uh uh (4x)

Hair in a mullet you know you gotta love it
So sexual and so conceptual
Figure me out trying to catch a bout
Contagious outrageous courageous crank 'em

I'm on your big feet like airport security
Looking complete then I'm in obscurity
Fuck maturity got a big bad brain
And my champagne stain as I yank your chain

I don't give a fuck if you're calling me
I don't give a fuck if you're mauling me
I don't give a fuck if you fall for me
I don't give a fuck if you're following me
Serpentine serpentine
Never a straight line serpentine
Serpentine serpentine
Never a straight line serpentine

Uh uh oh (8x)

Corazón de Melocotón
J'ai la Pêche or call me Pfirsich
Perzik, Afarseqim
Mo' mo' with a side of cream
Pêssego 'cuz I say so
Touch me and I'll give you impetigo
Pesca, Breskva, Peachy's so worldwide
Pesca fresca, Peachy's so worldwide

I don't give a fuck if you're calling me
I don't give a fuck if you're mauling me
I don't give a fuck if you fall for me
I don't give a fuck if you're following me
Serpentine serpentine
Never a straight line serpentine
Serpentine serpentine
Never a straight line serpentine

Uh uh oh (8x)

I don't give a fuck if you're calling me
I don't give a fuck if you're mauling me

```
I don't give a fuck if you fall for me
I don't give a fuck if you're following me
I don't give a fuck if you're calling me
I don't give a fuck if you're mauling me
I don't give a fuck if you fall for me
I don't give a fuck if you're calling me
I don't give a fuck if you're calling me
I don't give a fuck if you're mauling me
I don't give a fuck if you fall for me
I don't give a fuck if you're following me

Serpentine serpentine
Never a straight line serpentine
Serpentine serpentine
Never a straight line serpentine
```
