

# Breakfast

Pears

I got beat up and shit my pants  
Fell off this plane of existence  
And found ideals that carried me through youth  
I drifted deep asunder  
With the memories  
I'd plundered  
And discovered ambiguity of truth

(Breakfast, breakfast)  
Hit by a bus hitchin' a ride  
(Breakfast, breakfast)  
Separate us, never confide

Crest of the tried  
Safer than sound  
Ringing so wide  
Chemistry bound  
Breakfast is my bestest friend around

(Breakfast, breakfast)  
I am the best I am the worst  
(Breakfast, breakfast)  
Embarked short-sighted, ill-rehearsed

Sociopath  
Hittin' the town  
Fallin' in love  
Wearing a frown  
Breakfast is my bestest friend around

The ballet I perform and wrote  
To the chorus of "I've told you so"s  
Mistress in a wedding gown  
Breakfast is my bestest friend around
