Like The Last Time

Pebbles

Remember the time we shared on that special night
All I say is, oh, you gave me what I like
Oh, let me know, oh baby

How would you love if you get it tonight?
'Cause I want it, I want it like the last time
You can get love if you're with it tonight
'Cause I want it, I want it like the last time

Babe, there's no mystery
And let me say, your love makes me weak
No shame, baby, I'm warning now
You know you gotta make me feel right

How would you love if you get it tonight?
'Cause I want it (I want it), I want it like the last time
(Like the last time)
You can get love if you're with it tonight
'Cause I want it, I want it like the last time

Babe, ooh, we had a taste of love one day
When you came my way, ooh, oh
Hold me, I want it like it was
So baby, come and give me your love

How would you love if you get it tonight?
'Cause I want it, I want it like the last time
(Like the last time)
You can get love if you're with it tonight
(I know you want it)
'Cause I want it, I want it like the last time

Remember the time we shared on that special night
All I'll say is, oh, you gave me what I like
Oh, let me know, oh baby
(Like the last time) Mmm, just like the last time
Mmm, I'm prepared (Like the last time)
Oh baby, baby
Remember the time we shared on that special night
(That special night)
All I'll say is, oh, you gave me what I like
Oh, let me know, oh baby

How would you love if you get it tonight?
(How would like it? Say that you want it)
'Cause I want it, I want it like the last time
(Baby, just like the last time)
You can get love if you're with it tonight
(You can get love)
'Cause I want it, I want it like the last time
(Oh, I want it)
How would you love if you get it tonight?
(Do you remember? Say that you want it)
'Cause I want it, I want it like the last time
(Like the last time)
You can get love if you're with it tonight
(You know I want it)

'Cause I want it, I want it like the last time
(Oh, I need you, honey, ooh)
How would you love if you get it tonight?
(You can get it, baby)
'Cause I want it, I want it like the last time
(Oh, I need you, baby)
You can get love if you're with it tonight
