

Slip Away

Pebbles

I don't wanna be the one you leave out on the side
I just wanna be the girl that you wanted all the time
Give us a chance to make you a one, boy, can't you see
We've got it all, so baby, don't ruin it, don't make me plead

Baby, don't slip away
Baby, don't slip away

I don't wanna be the one you put out in the cold (no no)
I just wanna be the girl that you wanted once before
Where is the love that used to bring so much joy?
Baby, lately I've been feeling more like your toy

Baby, don't slip away
Baby, don't slip away

Remember, I wish your heart could just stay
Just give me your love in every way
No one could love you like I do
So run, don't slip away
Don't slip away

Baby, don't slip away
Baby, don't slip away
Baby, don't slip away
(Baby, don't just slip away)
Baby, don't slip away
(Baby, don't just slip away)
Baby, don't slip away
Baby, don't slip away
Ooh, baby, don't slip away
(Baby, don't just slip away)
Baby, don't slip away
(Baby, don't just slip away)
Baby, don't slip away
Baby, don't slip away
