

Two Hearts

Pebbles

You won't give me the love I need
You say you're too wrapped up in you
I must admit I've heard all this
I used to say the same thing too, oh, but baby

Two hearts are better than one
Two hearts when they beat together
Two hearts can never be undone
Two hearts in love forever

Your arguments make common sense
Yes, until you hold me close, ooh
Then fire starts, I feel your motor racing
The love you hide so deep inside sings out loud

You and I, heart to heart
You can hear the pounding start to roar
What I'm trying to tell you, baby, is

Two hearts are better than one
Two hearts when they beat together
Two hearts, they can be so much fun
Two hearts in love forever
Two hearts, there's nothing in the world like this, no
Together, we can't miss, oh no
Two hearts are better than one
Two hearts when they beat together, ooh ooh

You, my heart is calling for you
When you touch me, there's a spark
We're heart to heart
Ain't no doubt about it
Let's not wait anymore, life is hard enough
We can both have much more if we combine our love
On our own, we won't know what lovin's all about
But you and I, side by side, can make the good times flow

Two hearts are better than one
Two hearts when they beat together
Two hearts, two, woo woo woo woo, two hearts
Gonna let you know, gonna say it some more, two hearts
Two hearts, ain't nothin' in the world like this
Two hearts, together, we can't miss, two hearts
Two hearts are better than one, my my my my baby
Two hearts, yeah, say it like this

Not one (not one), but two (but two)
So we can be together
Not one (not one), but two (but two)
We can stay in love forever
Not one (not one), but two (but two)
So we can be together
Not one (not one), but two (but two)
We can stay in love forever, yeah

Two hearts are better than one
Two hearts when they beat together

Two hearts can never be undone
Two hearts in love forever
Two hearts are better than one
Two hearts when they beat together
Two hearts can never be undone
Two hearts in love forever
Two hearts are better than one
Two hearts when they beat together
