

You

Pebbles

You know, baby, what's wrong with you and I
You wanna get it on but I take it slow
I know, honey, you get me in the mood
Let's wait a little while 'cause I don't wanna rush it with you

(I've got a lot in store) I can satisfy your needs
(I'll give you more) I know you want a little love, boy
(You can imagine all) Ooh, when we become one
(You've got to endure) Ooh-ooh, oh

You in my life
We've got a lot to do so you keep waiting (Ah, you)
You in my life
We've got a lot so take it slow
I'm saying you in my life
We've got a lot to do so you keep waiting (Oh, keep waiting)
You in my life
We've got a lot so take it slow
I'm saying

You know, baby, it will be you and I
Ooh, wait another day
I know, sugar, we can do what you wanna do
Just wait a little while, boy, I can give some love to you

(I've got a lot in store) Of what you're waiting for
(I'll give you more) I know you want a little love, boy
(You can imagine all) Ooh, when we become one
(You've got to endure) Always, oh

You in my life
We've got a lot to do so you keep waiting (You keep waiting)
You in my life
We've got a lot so take it slow (Baby)
I'm saying you in my life
We've got a lot to do so you keep waiting
You in my life
We've got a lot so take it slow
I'm saying

And oh, oh, baby, say you love me once again
And show me that you love will never end
'Cause I want you, baby
You drive me crazy
All I'm saying, baby, it's you

You in my life
We've got a lot to do so you keep waiting (Oh baby)
You in my life
We've got a lot so take it slow
I'm saying you in my life
We've got a lot to do so you keep waiting
You in my life
We've got a lot so take it slow
I'm saying you in my life
We've got a lot to do so you keep waiting
You in my life

We've got a lot so take it slow
I'm saying you in my life
We've got a lot to do so you keep waiting (Oh, keep waiting)
You in my life
We've got a lot so take it slow
I'm saying you in my life
We've got a lot to do so you keep waiting
You in my life
We've got a lot so take it slow
I'm saying
