

That's All

Pectus

no more, no more in silence, lovin' you
no more, no more in silence, lovin' you, lovin' you

don't make me a fool
even in silence
that's all i', leavin' you

even if you need
don't try to stop me
that's all i'm leavin' you

my faith, no lies or dying, lovin' you
your live, no blood or crying, lovin' you

don't make me a fool
even in silence
that's all i'm leavin' you

even if you need
don't try to stop me
that's all i'm leavin' you
