Calma

Pedro Capó

Cuatro abrazos y un café, apenas me desperté
Y al mirarte recordé que ya todo lo encontré
Tu mano en mi mano, de todo escapamos
Juntos ver el sol caer

Vamos pa' la playa, pa' curarte el alma
Cierra la pantalla, abre la Medalla
Todo el mar caribe, viendo tu cintura
Tú le coqueteas, tú eres buscabulla y me gusta

Lento y contento, cara al viento
Lento y contento, cara al viento

Pa' sentir la arena en los pies
Pa' que se nos pinte la piel
Pa' jugar como niños, darnos cariño, como la primera vez
Que te miré, yo supe que estaría a tus pies, desde que se tocaron

Tu mano y mi mano de todo escapamos
Juntos ver el sol caer

Vamos pa' la playa, pa' curarte el alma
Cierra la pantalla, abre la Medalla
Todo el mar caribe, viendo tu cintura
Tú le coqueteas, tú eres buscabulla
Vamos pa' la playa, pa' curarte el alma
Cierra la pantalla, abre la Medalla
Todo el mar caribe, viendo tu cintura
Tú le coqueteas, tú eres buscabulla y me gusta

Lento y contento, cara al viento
Lento y contento, cara al viento

Calma, mi vida, con calma
Que nada hace falta si estamos juntitos andando
Calma, mi vida, con calma
Que nada hace falta si estamos juntitos bailando
Calma, mi vida, con calma
Que nada hace falta si estamos juntitos andando (Juntitos tripeando)
Calma, mi vida, con calma
Que nada hace falta si estamos juntitos bailando

Four hugs and a cup of coffee, I just woke up
And remembered when I looked at you
That I found everything Your hand in my hand
We escape from everything Together we watch the sunset

Lets go to the beach, to heal our soul
Close the screen and open up a Medalla
The entire Caribbean sea, looking at your waist
You flirt with it, you like to party and I like it

Slow and happy, face to the wind
Slow and happy, face to the wind

To feel the sand in my feet
So our skin is tinted by the sun

So we play like children, love like children, like the first time I saw you.
.
I knew I was at your feet ever since we touched

Your hand in my hand, We escape from everything
Together we watch the sunset

Lets go to the beach, to heal our soul
Close the screen and open up a Medalla
The entire Caribbean sea, looking at your waist
You flirt with it, you like to party
Lets go to the beach, to heal our soul
Close the screen and open up a Medalla
The entire Caribbean sea, looking at your waist
You flirt with it, you like to party and I like it

Slow and happy, face to the wind
Slow and happy, face to the wind

Relax, my love relax
That we don’t need anything if we are walking together
Relax my love, relax
That we don’t need anything if we are dancing together
Relax my love Relax
That we don’t need anything if we are walking together (together having fun!
)
Relax my love, relax
That we don’t need anything if we are dancing together
