

## Alien

PeeWee Longway

Yung Lan on the track  
James about that check, boy

My bitch got short hair like Sigourney Weaver  
She say she talk to aliens  
But she don't think no one believe her  
She said, "I hope that you don't think I'm crazy"  
She don't want me to leave her  
My house is full of narcotics  
This lifestyle that I live, illegal  
I be on medication, need to have a visitation  
Niggas act Chinese, these niggas imitating  
I'ma keep the fire on me like I'm incinerating  
I be having nightmares of the feds invading  
I be having bags in space, people invading  
I be on a King bed with queen butt naked  
These niggas telling lies, these niggas pump faking  
I can see his body shakin', I can feel the vibrations  
He's about eight and just came and got a trey-eighty

Woo, last night a nigga got abducted by a bad bitch  
And I got Dior on my fabric  
I just seen a UFO, I turned on the hazards  
Damn, her ass fat, know a nigga gotta grab it  
Lil' bae top ten, she way past average  
I just wanna make my M's and live lavish  
Pull up in a space coupe to pick up the backend  
Too much heartache, went through the Stargate  
Never met Batman but a nigga two-faced  
Try to ride the waves, but you lil' niggas too late  
Talking to a witch doctor, I'ma do some Ayahuasca  
When a nigga in the booth, make sure I'm unbothered  
Niggas always hating on me, but a nigga unbothered  
Dead fresh drip like a nigga turned grave robber  
Everything up to date, I don't do late models  
Woo, I just want you and nobody else  
Addicted to the trap, I might need some help  
Paid five-fifty just to fasten this belt  
Woo, gotta feel on you, can't help myself  
These niggas selfish just helping they self  
Young black nigga, I was acquiring wealth  
I be having visions, I be feelin' real strange  
I be having feelings, I be switching up strains  
I just hit a bitch two hours, I'm drained  
I just seen a unidentified plane  
I like my chick with no make up, Plain Jane  
Her pussy like the pointers in these Cartier frames  
Got a trap spot in the CPN name  
I just sold three bags, like to serve, Dwayne Wade
