

## Break Dance

PeeWee Longway

Runnin' up them bands, make a brick break dance  
Hit it with the left hand in the cake pan  
Glocks in the K class, make you break dance  
Servin' hams, I'm no middleman, no front, need straight cash  
Dirty dancin' with the flake, Kit-Kat  
Sellin' moto, pits and boulders, all gas, no (Brake)  
Runnin' up them bands, make a brick break dance  
Runnin' up them bands, make a brick break dance

Use your scale, make a sale, you see 12 (Break)  
Eatin' our treat off in peace, I just lost a little weight  
Captain D3P, they fiendin' for it, just let it flake  
Serve you extra, serve your tester, one snort, he clean the plate  
Sellin' four ways out the foreign, trappin', same clothes, it's been four days  
And I know when I got ether, man, them J's line up like Soul Train  
Break a brick, damn, my wrist dirty dancin'  
Burn the evidence, my fingerprints on the plastic  
Runnin' up them bands, make a brick break dance  
I can't work no deal but wholesale bring Percs and Xans  
It's COD in hand, ho, no middleman  
Them shots go off, you start doin' the running man, LoLife

Runnin' up them bands, make a brick break dance

Dance on a brick, left hand, know it's hit  
Got the bag and the grits, need it fast, this a tip  
Two hundred grams on the list  
Burn your mans, give a lick  
To that dirty, dirty chick  
Know I love them white bricks  
Rather dance with a brick 'fore I dance with a bitch  
.40 got me with a limp, know that big stick on my hip  
Thirty round case I miss, I don't plan on missin' shit  
That's a shame on you niggas, body found by the ditch  
Pocket watchin, pocket monster, in the bando with the Crips  
Lot of Bloods, lot of Mexicans, you know we movin' shit  
Every time I leave the house I'm tryna dance with a brick  
I don't give a fuck about you and your mans can get hit
