

Break It Down

PeeWee Longway

Yeah, yeah, yeah, yeah, yeah
Ooooh, ooooh, oooh, yesh
Spaghetti J on the track!

Run up them bands
Catch all the jugs
Ooh, ooh
Trap in this gap, right here
Dope boy spot, right here
They know we gon shoot in this gap, right here
Break it down, re-rock wit' the rap
Break it down, re-rock wit' the rap
Oooh, break it down, re-rock wit' the rap
Break it down, re-rock wit' the rap, rap
Break it down, re-rock wit' the rap
Wrap it up, re-rock wit' the rap, wrap
Break it down, re-rock wit' the rap

Dun-dun, Dun-dun-dun
Got drums on my hand gun
My left wrist cook immaculate
Heroin bricks got half of chicks
Dirty dish, bitch, wash the whisk
Piss in a cup, I got Act' in my piss
Green diamond, yellow gold, Mella Yella
Get that dot on yo' head
Like that hit from GoodFellas
Jump out the back wit' the Bentley umbrella
Step on a brick, in a pair of Margielas
Get the box, make it Uber the map
Run it up, what we make it do in this gap
Don't want nothin' to do wit' the cap
Catch all the jugs in the trap
Wake up and do it again
I got the Drac' in the Benz
Double-R Ghost, with the FN
Cook that 'Good Crack' at the Best West Inn
I got two .4-4, like wild western
Back to the plate, when it's time stretch it
Scrape it, scrape it, scrape it, scrape it
Scrape it, scrape it, it's hot
Rubber band, pop off the knots, yeah
I'm just tryin' to connect the dots
Yellow bone, red dot (Bad)
Sussie Choosin' in this gap
Bamboo, crackin' PT cruisers (Pints, lean)
I know what to do wit' the freak
Blue boogers on the Patek
Blue Benjamin's on me, they neat
I like to go deep and she skeet ("Oooh")
Double-C all on my sheets
Double-C stamps on the brick of the sneeze
A hundred percent, make your nose freeze
You can see my boogers from the nose bleeds
I'm 'Bacc to doin me', the old me
I put rose gold on my Rol'y
She got 'Suwoo' lips when she kiss me

That her way of saying that she dissed me
My diamonds dancin', on that Chris Breezy
I jugg a bale on a ten-speed
I got thin mint, rich weed
I'm goin' plant it where a bitch be
Weigh it up, I break a bitch, ay
Weigh it up, I break 'em, pitch
Gold my neck, like Slick Rick
In a year they goin' slit they wrist
In the kitchen I cook like this
Left wrist in the brick
'I bet you can't do it like this'
Break it down, re-rock wit' the rap

Run up them bands
Catch all the juggs
Ooh, ooh
Trap in this gap, right here
Dope boy spot, right here
They know we gon shoot in this gap, right here
Break it down, re-rock wit' the rap
Break it down, re-rock wit' the rap
Oooh, break it down, re-rock wit' the rap
Break it down, re-rock wit' the rap, rap
Break it down, re-rock wit' the rap
Wrap it up, re-rock wit' the rap, wrap
Break it down, re-rock wit' the rap
