

Get Right

PeeWee Longway

(That boy Cassius)
All a nigga doing, trying to get right

All a nigga doing, trying to get right
All a nigga doing, trying to get right
All a nigga doing, trying to get right (Get right now)
All a nigga doing, trying to get right (Get it right)
Diamonds look good in the midnight (Ice)
Two redbones, that's a pit fight (Fight)
Stand up in the bowl until it get right (Get right)
All a nigga doing, trying to get right (Yeah)

Run up them bands, fist fight, uh
Jumping on the dick, come get right, uh
Two redbones, that's a pit fight, yeah
Stand up in that bowl 'til it get right, yeah
Papercut (Ow, poof)
Made that bitch dance 'til her ankles hurt (Yeah)
Peanut butter seats in the '63 'vert
Country boy paying thirty-four, Jesus Shuttlesworth
Make it double up and I ain't even hit the water
Bitch, get right, drop the double-o like martyr
She move, she charged, she fucked in the pod
Blues on the car, blues in the Goyard
I don't wear my ice 'til it's pick backed up
Trap a thousand pounds out a big bad truck
Sold a ten pack of gas with a greened out card
Nigga doing ten, trying to get right (Get it in)
Stay down, stack it up, flip it
Overnight, two reds, know this a pit fight (Grr)
Ice on my neck like Klondike
Get too close, might bite, bite

It's a light show, my diamonds gon' fight night
Hit 'em with the left, then with the right
Stand up in the bowl, beat it like I'm Mike
Kick the door with the stick like Fortnite

All a nigga doing, trying to get right
All a nigga doing, trying to get right
All a nigga doing, trying to get right (Get right now)
All a nigga doing, trying to get right (Get it right)
Diamonds look good in the midnight (Ice)
Two redbones, that's a pit fight (Fight)
Stand up in the bowl until it get right (Get right)
All a nigga doing, trying to get right (Yeah)

They recalled your diamonds, they moissanite
I'm Christian Dior on a Harley bike
Put Gelato #44 on a cul-de-sac
I send pints down to Broward, they double back
For that sack, I'm more blitzed than your defense, the quarterback
Sniper gon' shoot off your safety hat, ooh
Playing with the clean like Kojak
With my wrist game I can make it double that
Slap a lil' water, where the bubbles at?
I'ma fuck 'cause the bitch got a bubble butt

She got feet and she might get a double nut
I got two Cuban links, doing double dutch
Hopscotch, diamonds playing hopscotch
What you cooking up on? Hot pot
Pull up in the yacht
Bricks of the boot, got the city too hot
Now I'm pressing up the bean with the mop, mop
Thigh pad racks, them be knot, knots

It's a light show, my diamonds gon' fight night
Hit 'em with the left, then with the right
Stand up in the bowl, beat it like I'm Mike
Kick the door with the stick like Fortnite
Hopscotch, diamonds playing hopscotch
What you cooking up on?
