Perc' them hit like she come from the islands, smoke like Bob Marley

Everytime she turn that ass around, that pussy make a noise

She tell me, "Please, take a piece of molly to make you itch more"

Got a dick up out the Glock and put it in her butt and told her fuck on it

Took a couple strokes, and pulled it out and made her suck on it

Bitch, talkin' 'bout some dollars, I told her, "No, bitch, don't make me buck on you"

I'm just findin' some time up out my day to pull up and fuck on you, yeah
