

# 10K Angels

Peg Parnevik

Ten thousand angels in the sky  
Ten thousand reasons why  
I find just a fight, don't gotta tell me twice  
The way we're goin', never knowin'  
Baby can you tell me when it's all over?  
You treated me like you weren't in my bed last night  
Could've sworn you took my life  
The way were goin', never knowin'  
Baby can you tell me when it's all over?

If we don't talk, why are you still callin'?  
If we broke up, why am I fallin'?  
You can't take anymore  
But goddamn, I was so sure  
Baby can you tell me when it's all over?

Ten thousand angels in the sky  
Could've make you feel alive  
A leave I'd just buy, forgiven your pride  
The way were goin', never knowin'  
Baby can you tell me when it's all over?  
(Ten thousand angels in the sky)

If we don't talk, why are you still callin'?  
If we broke up, why am I fallin'?  
You can't take anymore  
But goddamn, I was so sure  
Baby can you tell me when it's all over?  
(Baby can you tell me when it's all over?)

If we don't talk, why are you still callin'?  
If we broke up, why am I fallin'?  
You can't take anymore  
But goddamn, I was so sure  
Baby can you tell me when it's all over?

Is it over? 'Cause I need some closure  
Is it over? Oh, I need closure  
Ten thousand angels in the sky  
We're just ten thousand angels in the sky

If we don't talk, why are you still callin'?  
If we broke up, why am I fallin'?  
You can't take anymore  
But goddamn, I was so sure  
Baby can you tell me when it's all over?

If we don't talk, why are you still callin'?  
If we broke up, why am I fallin'?  
You can't take anymore  
But goddamn, I was so sure  
Baby can you tell me when it's all over?  
(Baby can you tell me when it's all over?)

Is it over?  
If we don't talk, why are you still callin'?  
'Cause I need some closure

If we broke up, why am I fallin'?  
Is it over?  
You can't take anymore  
But goddamn, I was so sure  
Oh, I need closure  
Ten thousand angels in the sky  
We're just ten thousand angels in the sky
