

# Ain't No Saint

Peg Parnevik

Momma didn't raise no saint  
Grew up in clouds with the boys and the bay  
And daddy didn't raise no fool  
No, living for myself, yeah, forgot about you

Taking, giving losing, winning  
It's always just a game  
Breaking, falling, chasing, crawling  
It's always just the same

Cause I'm not, I'm not gonna lose my head  
Standing on my own two feet again  
I'm not gonna lose my mind  
I won't let you walk this time  
Not gonna lose my head  
Never let you in my bed  
I'm not gonna lose my head  
Standing on my own two feet again

Baby says hes back in town  
Calling me up just to push me down  
And honey's waiting at the bar  
Whiskey and coked, have we gone too far?

Taking, giving losing, winning  
It's always just a game  
Breaking, falling, chasing, crawling  
It's always just the same

Cause I'm not, I'm not gonna lose my head  
Standing on my own two feet again  
I'm not gonna lose my mind  
I won't let you walk this time  
Not gonna lose my head  
Never let you in my bed  
I'm not gonna lose my head  
Standing on my own two feet again

Honey this ain't love no more, no, no  
My daddy's waiting at the door  
No, baby this ain't love no more  
My momma, she's got a lot in store  
Hahaha, I'm not gonna lose my head, no, no  
Not gonna lose my head

Not gonna lose my head  
Standing on my own two feet again  
I'm not gonna lose my mind  
I won't let you walk this time  
Not gonna lose my head  
Never let you in my bed  
I'm not gonna lose my head  
Standing on my own two feet again

Honey this ain't love no more  
My daddy's waiting at the door  
Baby this ain't love no more

Momma's got a lot in store  
Honey this ain't love no more  
My daddy's waiting at the door  
Baby this ain't love no more  
Momma's got a lot in store  
Nej fuck det, hahaha
