

# Goodbye Boy

Peg Parnevik

You come home stumbling in  
And I know where you've been  
Don't you tell me that she's just a friend  
Rumors been going around, this is not a big town  
Don't you even bother tryna pretend  
You say that it's all just a blur  
But I've seen pictures of you kissing her, ooh  
Don't try, no, you told your last lie  
I don't ever wanna see you again

So I say, "Get out of my head, get out of my bed  
Get out of my house, this is my property  
Let go of my hand, I'm counting to ten"  
One, two, three

Get out, what did you think I would do?  
Just kiss you and swallow the truth? Oh, no  
You gotta go, go, I'll be just fine without you  
Get out, what did you think I would say?  
Just smile as you lie to my face? Oh, no  
You gotta go, go, I'll be just fine without you

(Get out, yeah, yeah, yeah)

You're wasting time on your knees  
Get up, give me my keys  
Find another girl to put up with you  
I'm sick of bailing you out while you lay on the couch  
Thinking I'm the one with something to lose  
You always be pulling this shit  
But, boy, I'm so over it  
Don't try, no, you told your best lie  
I don't ever wanna see you again

So I say, "Get out of my head, get out of my bed  
Get out of my house, this is my property  
Let go of my hand, I'm counting to ten"  
One, two, three

Get out, what did you think I would do?  
Just kiss you and swallow the truth? Oh, no  
You gotta go, go, I'll be just fine without you  
Get out, what did you think I would say?  
Just smile as you lie to my face? Oh, no  
You gotta go, go, I'll be just fine without you

You call me crazy but I ain't  
See, I just found some self-respect  
I'm not your baby  
Grow some shade please  
Goodbye boy and thank you, next  
(You gotta go, you gotta go, you gotta go)  
You say that it's all just a blur  
But I've seen pictures of you kissing her  
But don't try, no, you told your last lie  
I don't ever wanna see you again

Get out, what did you think I would do? (I would do)  
Just kiss you and swallow the truth? Oh, no  
You gotta go, go, I'll be just fine without you (Nah-ah)  
Get out, what did you think I would say?  
Just smile as you lie to my face? Oh, no  
You gotta go, go, I'll be just fine without you

You call me crazy but I ain't
