

Got Me Good

Peg Parnevik

I've been lost and thinkin'
You got me good
I know that sounds
You say goodbye but you
Yeah, you got me good
I'm sorry but I was thinkin'
That's what you said to me
Thanked me for my lovin' and time
For the, for the memories

Said you love me but you thinkin' you should let go
Ah-ah
Said you love me but you thinkin' you should let go

And you got me so good
Said you love me but you thinkin' you should let go
Got me so good
Said you love me but you thinkin' you should let go
Got me so good
Said you love me but you thinkin' you should let go
Got me so good
Said you love me but you thinkin' you should let go

Tell me what you thinkin'
What I wanna hear
Left me like the simplest thing
Can't you see I'm drownin' here?
Gave you all of my bullets
And you got me good
Don't be surprised there was a matter of time till you
Yeah, you got me good

Say you love me but you thinkin' you should let go
Ah-ah
Say you love me but you thinkin' you should let go

And you got me so good
Said you love me but you thinkin' you should let go
Got me so good
Said you love me but you thinkin' you should let go
Got me so good
Said you love me but you thinkin' you should let go
Got me so good
Said you love me but you thinkin' you should let go

So, gave it all I can, leavin' me broken
I go, take it all you in, you got me again
On a Tuesday you walked out my door
Said you love me but you thinkin' you should let go

Oh, you thinkin' you should let go
Said you love me but you thinkin' you should let go
Got me so good
Said you love me but you thinkin' you should let go
Got me so good
Said you love me but you thinkin' you should let go
Got me so good

Said you love me but you thinkin' you should let go
