

# Breaking The Chains

Pegazus

We've got the power  
We are in control  
We are united  
For heavy Rock'n'Roll  
We're strong believers  
Of the Heavy Metal faith  
Heavy Metal lives  
We'll show them we are right

We're Breaking the Chains  
Breaking the rules  
Metal for me, it's all that I breathe  
Breaking the Chains  
Breaking the rules  
Can you feel it, Metal for you.

The Metal Spirit  
Is Forever Free  
Courage and strength  
Inside of you and me  
We won't surrender  
Our fight will never end  
We'll take no prisoners  
Your choice is made my friend

Breaking the Chains  
Breaking the rules  
Metal for me, it's all that I breathe  
Breaking the Chains  
Breaking the rules  
Can you feel it, Metal for you.

Breaking the Chains  
Breaking the Chains  
Breaking the Chains  
Breaking the Chains

The beast is rising  
Back for the fatal blow  
Rise above the blackest skies  
We'll stand on our own  
Ready for the battle  
In leather, denim and studs  
Freedom and fire  
It's the only life we know

We're Breaking the Chains  
Breaking the rules  
Metal for me, it's all that I breathe  
Breaking the Chains  
Breaking the rules  
Can you feel it, Metal for you

Breaking the Chains  
Breaking the Chains  
Breaking the Chains  
Breaking the Chains

Breaking the Chains  
Breaking the rules  
Can you feel it, Metal for you  
Breaking the Chains  
Breaking the rules  
Metal for me, Metal for you
