

# Ghost Rider

Pegazus

Johnny made a pact with the devil  
In return for vengeance  
To protect his one true love  
She was his princess  
At night he comes alive  
A fireball on the road  
Lightning up the darkest night  
Ready to explode

Watch out! Cause he's one hell of a sight

Ghost Rider - Tearing up the highway  
Hell on two wheels  
Ghost Rider - Midnight terrorizer  
Seeking revenge

Roaring thunder down the road  
No rest for the weary  
He's gotta make the guilty pay  
With his blind raging fury  
The beast alive within his soul  
Handing out salvation  
Ready to take on the world  
And settle scores

Watch out! Cause he's one hell of a sight

Ghost Rider - Tearing up the highway  
Hell on two wheels  
Ghost Rider - Midnight terrorizer  
Seeking revenge  
Ghost Rider - Gonna get his vengeance  
He's gonna make you pay  
Ghost Rider - You better count your blessing  
Cause there's no escape

Ghost Rider - Tearing up the highway  
Hell on two wheels  
Ghost Rider - Midnight terrorizer  
Seeking revenge

He rides to live  
He lives to ride  
To hand out his revenge  
The demon living inside

If he's comin' to get you  
You better run and hide  
Nothing stands in his way  
This evil mind

He's gonna give you - A hell of a fright!

Ghost Rider - Tearing up the highway  
Hell on two wheels  
Ghost Rider - Midnight terrorizer  
Seeking revenge

Ghost Rider - Gonna get his vengeance  
He's gonna make you pay  
Ghost Rider - You better count your blessing  
Cause there's no escape
