

All Alone

Pegboard Nerds

I don't wanna love you when you're stoned
I feel like I'd be better off on my own
Well, I don't wanna lose you in this smoke
I feel like I'd be better off all alone

We could stay up until it's light
Forget my faith that's kicked off to the side
When the daytime comes, you go
Yeah, I think I'd be better off all alone

Yeah, I think I'd be better off all alone
I think I'd be better off all alone
Yeah, I think I'd be better off all alone

Yeah, I think I'd be better off all alone
I think I'd be better off all alone
I think I'd be better off all alone

I don't wanna love you when you're stoned
I feel like I'd be better off on my own, yeah
Well, I don't wanna lose you in my smoke
Yeah, I think I'd be better off all alone
Better off all alone

Yeah, I think I'd be better off all alone
I think I'd be better off all alone
I think I'd be better off all alone
I think I'd be better off all alone
Yeah, I think I'd be better off all alone
