

## Bad Luck

Pegboard Nerds

Johnny was a bad lover, cold sweat, hot head  
Devil inside, too much bad luck  
He'll be lucky if he gets shot dead  
'Cause everything he touches gets bad luck

How many times did he look in your eye  
Swear that he'd love you until you die  
If you wanna be Bonnie and Clyde  
Then buck up your courage and tell him tonight

Give me your love, gi- give me your love  
I'll break your bones if you give me your bad luck  
Give me your gun, I'll shoot at your heart  
If you give me your bad luck boy

Don't want you bad luck boy  
Bad luck  
Bad luck

You say I'm a good man turned bad, blood red  
But I know you love, am I bad luck?  
I'll make it up to you when we're outta here  
So let's pack a bag and leave my bad luck

How many times did he look in your eye  
Swear that he'd love you until you die  
We were always Bonnie and Clyde  
So jump on my horse, let's ride out tonight

Johnny was a bad lover, cold sweat, hot head

He'll be lucky if he gets shot dead  
'Cause everything he touches gets bad luck
