

Extraordinary

Pegboard Nerds

Reach for me, there is a beautiful electricity
It sings, and it hums in our fingertips
And maybe I'm not the same as everyone else around me
Maybe I'm not to blame for all of the pain I left behind me

Stay with me and maybe, maybe
They will see we could be
Maybe, maybe we are extraordinary
Maybe, maybe we are extraordinary

We are extraordinary
Nobody else will find us

Stay with me and maybe, maybe
We will see we could be
Maybe, maybe we're all extraordinary
Maybe, maybe we're all extraordinary
Maybe, maybe we're all extraordinary
We are extraordinary

We are extraordinary
Nobody else will find us
We are extraordinary
