Pegboard Nerds

Breathe just breathe  
Don't wait to let go  
Sail your seas  
Embrace the unknown  
I'll welcome you home

Breathe breathe  
I know its all wrong  
We all bleed  
But we carry on  
You are not alone

But if you have no regrets  
Have no regrets  
You are free

Kiss me kiss me  
Leave me tenderly  
Soon I'll come back home

But if I have no regret  
(You are free)  
Have no regret  
(You are free)  
I am free

If we have no regrets  
(You never had them at all)  
Have no regrets  
(We never had them)  
We are free
