Pegboard Nerds

You take me higher than love  
You're making me feel some kind of way  
I know we see  
You take me higher than love  
You're making me feel some kind of way  
You take me there

And this is how it goes  
And this is how it goes

You take me higher than love  
You're making me feel some kind of way  
I know we see  
You take me higher than love  
You're making me feel some kind of way  
You take me there  
You take me there  
You take me there

And this is how it goes  
And this is how it goes
